

#One Million Healings Per Day

Bringing Innovation Closer To You

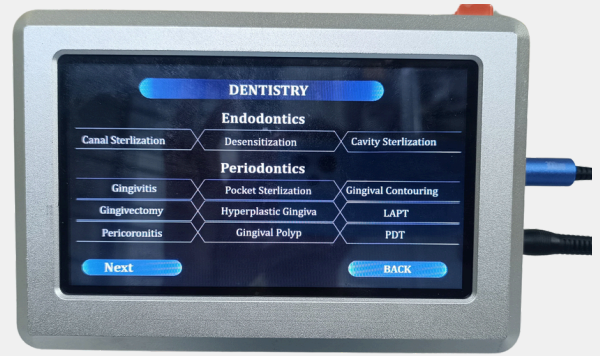

Bright Laser - 980nm +650nm(10.2W)

Transform your Dental Practice with our Advanced Dual wavelength Laser technology Delivering Precision, Comfort & Exceptional Patient Care

BRIGHT LASE

- 10.2W Power
- Battery Backup
- Super Pulsed Technology
- Pre Set Parameters for PBM, Dental & PDT
- Wireless Foot Pedal
- TMJ Probe, Therapy & Bleaching Probe

VERSATILE CLINICAL APPLICATIONS

PHOTOABLATION

- Gingivectomy
- Frenectomy
- Tongue tie
- Gum Depigmentation
- Operculectomy
- Excision
- Leukoplakia & Lichen Planus
- Fibroma & Mucocele
- Gingival Troughing
- Fibroma removal

PHOTOSTERILISATION

- Root Canal Sterilization
- Pocket Sterilization
- Dry socket
- Laser Bacterial Reduction
- Sinus Tract

PHOTOBIO-MODULATION

- TMJ
- Trismus Aphthous ulcer
- Burning mouth syndrome
- Trauma
- Fibroma & Mucocele
- Herpetic ulcers of the oral mucosa

PRECISION, POWER & PERFORMANCE – BUILT FOR THE FUTURE OF DENTISTRY

980nm - Infra-red wavelength
 Superficial contact mode
 cutting Trans - analgesic effect

650nm - Red light Photo
 dynamic therapy Pain
 Management Wound Healing

WHY SHOULD YOU CHOOSE THE MOST VERSATILE IMDSL LASER?

Advanced technology Integration

Easy To use Treatment Options

Friendly Design for Dentists

Precise Cutting Efficiency with Versatility of

Best Ever Dental Diode Laser in India That Outperforms others

Enhanced Precision and Efficiency

Ultra High-Resolution Touch Display

Pre-Set Dental Procedures mode

Excellent Clinical & Service Support

WHY LASER ?

Minimal tissue damage

Minimal anaesthesia required

More precise cutting

less or no pain

Reduced risk of infection

Swelling less

Reduction in surgical time

Minimal postoperative discomfort

Scar free wound healing

SPECIFICATIONS

**STRIPPER
CUM CUTTER**

**FIBER-300
MICRON, 400

**TEETH WHITENING
PROBE**

DR. GOGGLES

Patient Eye wear

Model Name	Bright Laser
Laser Class	Class IV
Model type	Semiconductor Diode Laser
Power	10.2W
Wavelength	980nm , 650nm
Double coherence	Yes(980nm +650nm)
Aiming Beam	635nm
Operating Mode	Continous & Pulse mode
Pulse Width	50 μ s to 900 ms
Emission	Wireless foot pedal
Fibre Connector	SM 905A Connector
Fibre Thickness	200, 300, 400 micron
Laser Delivery Type	Spool system

Corporate Office

Office No. 308, Plot No. 52-A Krishna Complex, Hasanpur, I.P. Extension, Delhi-110092, India

Manufacturing Unit

G-7, Industrial Area, Bagroda, Bhopal-462022, India
